3. I affirm that should the seed deposit become nonviable or be inadvertently destroyed, I will replace such seed for at least 30 years from the date of the original deposit, or at least 5 years from the date of the most recent request for release of a sample or for the effective life of any patent issued on the above-mentioned application, whichever period is longer.

4. That with respect to availability of the seed, I affirm that the deposit will be made under conditions of assurance of:

- (a) ready accessibility thereto by the public if a patent is granted, whereby all restrictions to the availability to the public of the seed so deposited will be irrevocably removed upon the granting of the patent; and
